Rabies Shots Spell Freedom for Quarantined Dogs

IT'S PRETTY TOUGH to be an active dog and find yourself with a ball and chain suddenly attached . . . or at least to know that you're in this predicament until you can have your rabies shots. It isn't often that the feline side of the gets the last laugh, either, as in this case. Of course, these Contra Costa pets realize the gravity of the situation, but like most good animals they are "hams" at heart and couldn't resist speaking their pieces when they saw the photographer.

Officials Consider Means of Enforcing Dog Quarantine

By NORMAN COLBY

An all-out campaign to reduce the possibility that any child or adult will be bitten by a rabid dog in Contra Costa County has begun.

The County Health Department has declared a 12-month quarantine for dogs, voided only by vaccination. Enforcement discussions have included county and city officials, and the sheriff's department.

Here is the situation:

Each of the estimated 48,000 dogs in the county since Monday has been under quarantine, meaning that owners must confine them to their homes, or adequately fenced yard, and allow them outside only on a leash held by a "responsible person."

Actually the duration is not strictly one year, but "365 days after the occurrence of the last known case of rabies in the county." If another case appears, the time is extended accordingly.

THE ONLY IMMEDIATE exceptions are dogs which have been recently vaccinated, not more than six months ago where "nerve tissue" vaccine was used, and not more than a year ago for recipients of the newer type "avianized" vaccines.

Owners may avoid the year-long period by having their dogs vaccinated by a qualified veterinarian, who will issue special tags stamped with the date, and a certificate. State law, however, requires confinement for 30 days from that date, after which the animal is free.

But, that freedom is confined to Contra Costa County except where written permission is granted vaccinated dogs. This is contemplated in cases of hunting trips afar when the upland bird season opens soon, and dog shows. The owner must keep close control of his pet at all times.

There will be no special vaccination program, and each owner must contact a veterinarian, and arrange for the shot on his own initiative.

OF GREAT CONCERN is the means of enforcement, which was brought to the attention of the County Board of Supervisors Tuesday. Action is indicated.

It all started in Byron, a small community in the eastern portion of the county.

A two-year-old girl was bitten by a skunk there, October 26, and it was determined that the animal was rabid. She was rushed to a hospital, and is recovering.

But this was enough for the county health officials.

Dr. Henrik Blum, health officer, announced that effective Monday the entire county was declared a rabies endemic area, joining about 26 other counties, including adjacent Alameda County, so categorized after similar instances.

ANTICIPATING DISMAY among owners, Blum declared that immediate and decisive action is the only way to remedy the situation, and reduce fears in the populace.

"We want to stop this thing before it gets going.

"The importance of controlling our dog population cannot be overemphasized. Though rabies affects all warm blooded animals, the one in closest contact with humans is the dog.

"Rabid skunks have been found frequently in this part of California, but they actually cause very few human cases of rabies. Most of us, except for the very young, do not come in close contact with skunks or other wild animals. However, it is quite common for skunks to bite dogs, thus transmitting rabies to man's best friend.

"Only when we have a county-wide control system, with adequate measures of licensing, vaccination and picking up of stray dogs, can we be sure that rabies will not again threaten in Contra Costa County.

"Every attempt will be made to safeguard Contra Costans from the dangers of rabies. Each Contra Costan is asked to assist by keeping his unvaccinated dogs penned or leased until this problem is over. If all of us cooperate, this need not be a problem. Enforcement of the ordinance is being undertaken by the city and county authorities, and after the joint meeting Friday it is hoped that a uniform license control and pound system can be set up permanently throughout the county . ."

ALONG THOSE LINES, the county supervisors Tuesday necessarily concerned themselves more with interim measures, rather than the permanent aspect.

They instructed County Administrator D. M. Teeter to draw up a temporary plan for strengthening the county dog pound system, its personnel, transportation and facilities.

Sheriff Harry Brown told them that the pound needs three additional trucks and seven men. There are two trucks now, and one of them is constantly engaged in dog-bite cases, he said. District Attorney Francis Collins is reportedly rewriting the dog licensing ordinance to allow such improvements.

Plans are for the formation of a committee to study costs of the interim enforcement of the dog licensing ordinance, and to see that it is carried out in full degree. Cooperating are officials in 11 cities, and many unincorporated areas.

Councilman Farry Granzotto of Walnut Creek attended the meeting of doctors and officials in Martinez Friday, and offered the support of his city in the campaign.

Hunters were urged to consult the quarantine laws of the counties which they plan to visit, for the rules vary.

NOT ONLY DOES STATE law require the 30-day confinement period after vaccination, but the American Kennel Club stipulates that no dog may be admitted to an AKC show if it has not been given vaccine earlier than 30 days before the event.

Here is the law in the matter, as stated by county health officers:

As required by Subdivision (d) of Section 2606, Title 17 of the California Administrative Code, all dogs within the boundaries of Contra Costa County, including the incorporated cities, are hereby quarantined, and shall be kept in strict confinement upon the private premises of the owner, or, if taken off the premises of the owner, shall be kept under restraint by leash not over five (5) feet in length, in charge of a responsible person.

No dog may be removed from Contra Costa County without the written permission of the health officer of Contra Costa County.

Dogs who have been vaccinated with nerve tissue vaccine within the past six months or avianized vaccine within the past year are excluded from the quarantine if they are wearing the dated tag and the owner has the vaccination certificate in his possession.

DOGS WHO HAVE NOT YET been vaccinated may be released from quarantine after vaccination with an approved vaccine. In order that the poundmaster may identify such vaccine protected dogs, they shall have a tag attached to a collar showing that vaccination has been done and the owner shll have the vaccination certificate in his possession. Dogs who are used for the purpose of guiding blind persons are excluded from the quarantine.

All dogs entering Contra Costa County are subject to the provisions of this quarantine.

This quarantine will remain in effect until 365 days after the occurrence of the last known case of rabies in Contra Costa County.

Contractor Will Lay Foundation For Bus Shelter

By WALT JOHNSON

The foundation for the proposed bus shelter at the Orinda Interchange will be laid in "about two or three weeks" by Watkin and Sibbald of San Anselmo, according to Ramsay Underwood, chairman of the Orinda Chamber of Commerce bus shelter committee.

However, the contractor will not be able to construct the shelter because "it is out of his line of work," Underwood reported.

IT WAS THOUGHT previously that Watkin and Sibbald could donate some time and material to the shelter's erection for using chamber of commerce-leased land behind the Orinda Theater for field office and storage purposes. The foundation alone will now serve this purpose.

The San Anselmo firm is working on the bus turnoff and related facilities with a December 18 completion date. The state's resident engineer on the project is Don Young.

Underwood said blueprint plans for the shelter, drawn by Frank Soule were sent to the Division of Highways San Francisco office Monday as a step toward getting an encroachment permit.

B. W. BOOKER, assistant state highway engineer, had previously informed the committee that such a permit would be necessary for construction of the shelter. The state is prohibited by ordinance from using its funds for bus shelters.

A sketch of the finished structure was submitted to the committee by Architect Jack Buchter.

Underwood said yesterday that Greyhound would be asked just where the shelter should be put along the 320-foot turnoff strip, running parallel to, and north of, Mt. Diablo Boulevard in the northeast section of the interchange.

The strip, which measures almost 400 feet with ramps, is between the turnoff road to the Village and the loop which carries Oakland-bound traffic onto the boulevard.

COPIES OF the blueprint plans for the shelter were sent to Robert Boyle, president of the Orinda Association, and George Cummings, president of the Contra Costa County Commuters Association.

"We will ask for bids to see what the shelter will cost," said Underwood, "although I don't know just when we will do this.

"We will work out some arrangement with PG&E for the lighting.

Orinda Children Will Be Offered Drama Program

Groundwork is being laid by the Orinda Children's Art Center in cooperation with the Orinda Dramateurs and the children's room of the Orinda Library for the development of a dramtics program for Orinda children.

Creative dramatics classes, training in speech and acting, and eventual dramatic productions, produced in cooperation with the Orinda School District, are visualized by the group which met last week.

Age groups to participate are not yet decided upon but the committee hopes to give dramatic opportunities to several age levels.

Meetings are held at the home of Mrs. Kirk Miles, 11 La Plaza, the following took part in the discussion:

Mrs. Miles and the Mesdames Stuart Henderson, Bruce Winkworth, James Chapple, John J. Madison and Walter Estes.

Association Gets Off to Big Start In Members-Drive

By JULIUS ROSENTHAL

"Without doubt the membership of the Orinda Association will be greater than ever before as the result of the current membership drive," Drive Chairman T. D. Sanford stated yesterday.

Sanford's prediction came as more than 150 volunteer workers, under 24 zone captains, swung into the third day of their house-to-house visits in an effort to sign up a huge membership for 1956 for the association.

"There's a lot of enthusiasm," Sanford reported.

The drive committee head continued:

"IT'S TOO EARLY for any kind of comprehensive figures, but early reports indicate the way 'the wind is blowing.'

"For instance, one worker who had called on half his quota obtained 100 per cent results with the families on whom he had called. A couple of other workers reported 75 per cent results from early calls.

"Some areas are very highly organized. One, for example, has 24 house-to-house workers plus three telephone callers.

"In my own area, Orinda Estates, a meeting was held Monday night, to brief the workers."

THE DRIVE got under way Monday and will continue through next Tuesday. Follow-up contacts of families who are missed at first are definitely planned, Sanford pointed out.

Membership dues are $2 per family per year. After completion of the membership drive, the annual election of directors will be held, either late this month or early next month.

In an "Open Letter to Orindans" in the current issue of the Orinda News, official publication of the association sent to all homes in Orinda, President Robert Boyle states:

"IF A FRIEND from out of town came to visit you today and happened to ask what it's like to live here in Orinda, you'd probably have some nice things to say about the ideal weather, the friendly neighbors, the attractive homes and the beauty of so-called country living. As you bragged on, your visitor might get to the point of expressing an interest in moving here himself. Then he might say 'This sure is a wonderful place to live. But what assurance do you have it'll stay this way?'

"That question might very well bring you up short. What assurance DO you have that things will stay wonderful in Orinda?

"Well, actually, no one can guarantee maintenance of our high standards. But there is an organization which is doing its best on your behalf in this regard. It's the Orinda Association.

"About this time each year, the Orinda Association issues a call to all Orindans for support in the form of a membership drive . . . You will be given an opportunity to demonstrate your concern over the future of Orinda. By this time next week, the true interest we Orindans have for our community will be apparent. Last year, only one family in five recognized its responsibilities.

"Don't let someone else carry your share of the load this year. Support your community. Join the Orinda Association."

Ad in Sun Finds Burro New Home

Even as odd an item as a friendly burro is easy to sell if you advertise in the classified columns of the Sun Shopping News, which also goes into the three weekly papers in Walnut Creek, Lafayette and Orinda.

Dr. R. W. Ohl of 1175 Oleander Drive, Lafayette, wrote The Sun Friday expressing his amazement and appreciation for the landslide of replies which his ad brought.

"I thought I would run the ad as a trial to see if anyone would be interested, actually not wanting to sell the burro too badly—the ad appeared when the first shopper came out Wednesday, and the burro was sold at 7:45, Thursday morning!"

ORINDA ASSOCIATION'S annual membership drive, now in progress, results in many hundreds of scenes like this throughout the community. Charles F. H. Erickson (left), one of over 150 volunteer workers under 24 zone captains, receives association dues for 1956 from Arthur and Beverly Schwatka at their home at 15 Dos Encinas.

'Clinic' Doubles Reading Speed of Eighth-Graders

A "reading clinic" that has doubled eighth-graders' ability to read is being pioneered in the area at Orinda School.

Ending with the "Science Research Associates' Testing Program, the reading clinic has six different phases of instruction. The school children are tested at the start of the program, and an important feature is that each can keep track of his own progress and be aware of how he needs to improve.

"We have found that nearly every child has been able to increase his reading rate, with good comprehension, by 100 per cent, while 10 to 15 per cent of the pupils can read and understand 1000 words a minute after completing the course," James Comer, eighth grade teacher, reports.

When the students enter the reading clinic, they can read only from 200 to 250 words a minute, tests prove.

INSTITUTING the program was the idea of Superintendent of Schools Joseph L. Sheaff, and it has been worked out with the cooperation of Director of Instruction Dr. Philip S. Lambert (who also will be principal of the new Pine Grove School), plus Orinda School Principal W. G. Gaskell, all of the seventh and eighth grade faculties, the school district librarian, Mrs. Alice Frederick, and Pine Grove librarian Miss Mary Crawford.

The reading clinic has been operating under space limitations with curtained-off sections in the Orinda School auditorium, for two 45-minute sessions on Tuesdays, Wednesday and Thursdays. The regular afternoon session eighth-graders come early, at 11:15 a.m., for the reading clinic, and the regular morning session classes stay to attend at 12:15 p.m.

When the Pine Grove School opens, the reading clinic will be part of the general curriculum, the director of instruction said.

"WE WOULD welcome parents' visits now to observe this remarkable program, but please contact us ahead of time so that we can explain how it works to you," Principal Gaskell stated.

There are six different "classrooms" in the clinic. The first includes phonics, to develop word attack through hearing.

The second step uses the tachistoscope, a machine designed to increase perception and to broaden the eye span.

The third section is vocabulary development, which adds awareness of how words are derived from various root words (such as circumvent(with the root circuse, meaning circle, and vent, denoting to ventilate).

FOURTH STEP is the Reader's Digest section, wherein each group reads the Reader's Digest Reading Skill Builders at fitting reading level. This provides a midway test practice.

"Fifth section of the clinic is reading appreciation of modern classics, wherein we try to connect the child with his special interest and to awaken him to literature," Dr. Lambert explained.

The final step in the reading clinic's two-week cycle is the Science Research Associates' Testing for the five steps which lead up to it. Herein the child checks himself on speed and comprehension of his reading. When the eighth-grader completes the two-weeks' period, the program is stepped up appropriately.

"We find that by charting his own progress each reader is motivated to improve himself," Dr. Lambert said.

Jaycees to Meet For Breakfast

A Jaycee breakfast will be held at the El Nido Rancho in Lafayette at 9:00 Saturday morning. Philip Knox Jr., a resident of Walnut Creek and prominent Oakland attorney, will be the main speaker on a program intended to make prospective members of the Lafayette - Orinda Junior Chamber of Commerce aware of the responsibilities of Jaycee membership.

His topic will be "The Place of the Young Man in His Community." Knox is the immeidate past president of the California State Junior Chamber of Commerce, a Junior Chamber International Senator and has recently been appointed associate legal counsel for the National Junior Chamber organization.

An attendance of approximately 60 guests and members is anticipated. Among the dignitaries invited are Robert Boyle, president of the Orinda Associate, Herman Silverman, publisher of The Sun, Fred Wagner, president of the Lafayette Chamber of Commerce, Ned de Laveaga, president of the Orinda Chamber of Commerce, and Robert Thompson, president of the Lafayette Community Center.

Funds for the Olympic Games will be solicited at the Acalanes-Pittsburg high school football game tomorrow night at halftime at the Acalanes field. The fund drive is sponsored nationally by Life Magazine and the Junior Chamber of Commerce.

Collecting for the Acalanes side will be the Lafayette-Orinda Jaycees, while the other side will be handled by the Pittsburg Jaycees. All funds collected will be turned over to the Olympic Games Committee for use in sending American Olympic athletes to next year's Olympic Games in Australia.

PIE Pine Grove Property Studied for School Site

The Pacific Intermountain Express property at the Pine Grove is being considered by the Orinda School District board of trustees as a possible site for a future school.

This was announced Monday night at a meeting of the board at Orinda School by Chairman Edgar B. Stewart in reply to an inquiry from the Orinda Association's Homeowners Committee.

The committee wrote a letter to the board inquiring into rumors that the property is sought for a new school or for expansion of the Pine Grove School now under construction. The board owns slightly over 12 acres of the Pine Grove.

PIE PURCHASED its 10½-acre parcel last December and has requested the county to rezone the corner so PIE may construct a $750,000 administrative office building. The company's desires have met with vigorous opposition from the Orinda Association, which believes that such rezoning would set an undesirable precedent by allowing "outside business" to enter Orinda.

In seeking to maintain Orinda's "residential character," the association believes that businesses which do not serve the immediate needs of the community should be excluded.

In reply to the Homeowners Committee, the school board reported that a survey of future school needs is now being assembled by a Stanford University research team headed by Dr. William Odell.

JOSEPH SHEAFF, superintendent of schools, said yesterday, "It has reached the point where the board is going to have to make decision to acquire property. Costs just keep rising; they never come down.

"The Stanford team has already told us we will need 10 sites to accommodate future population. This figure includes the five we already have, and means we must find five more some place."

Sheaff said that other sites besides the Pine Grove being considered for future schools include Inland Valley, the Wagner Ranch and the top of the bluff across from Orinda School.

THE BOARD also reported Monday night that plans for an eight-room addition to Del Rey School have been referred to the State Division of Architecture. Bids will be called after approval of plans.

Two new teachers were hired, Miss Beatrice Fisher for the eighth grade at Orinda School and Richard King for the industrial arts class at the Pine Grove School.

Architect Ernest Wertheim was authorized to draw plans for landscaping the front of the Sleepy Hollow School.

The board decided to accept Ken Courtwright's recommendation to rewrite all fire insurance for the district under one or two companies instead of "nine or ten" at present. Courtwright serves as insurance broker for the board.

Bryants Outline Life on Guam

Mr. and Mrs. Forrest H. Bryant returned to their home at 168 Orinda Highway after 18 months on the island of Guam where Bryant as warrant officer was on the administrative staff of the Navy infirmary there. Their home was a quonset hut with netting or screens at window spaces and doorways.

The humidity of this small but important island—10 miles wide and 30 miles long—was from 90 to 100 per cent and the temperature always around 80 degrees. The presence of insects and mildew kept food in refrigerators and in hot-and-dry closets.

Greatest outdoor pests were snails which ate up any vegetables or flowers the Bryants tried to raise. These snails had been brought to the island by the Japanese during World War II as food for their soldiers. Twelve-inch long rats were other pests.

But the island was lovely in January, February and March with blooming flowers, reported the Bryants.

The pineapples and bananas were of an inferior quality but the coconuts were very good, the Bryants said. Practically all their food was brought in by ship once a week but this never included fresh milk. All not in cans was frozen.

While at Guam the Bryants had a six-day voyage to Manila with a day and a half sight-seeing tour there.

Office District Hearing Will Be Held on Tuesday

Public hearing by the County Board of Supervisors on the County Planning Commission's recommendation for provision in the county zoning ordinance for administrative office districts is scheduled for next Tuesday, 10:30 a.m.

Originally scheduled for October 20 but continued until next Tuesday, the hearing will be another step in the battle which has immediate interest for Orindans in that the proposed amendment would clear the way for action on Pacific Intermounatin Express Company's application for rezoning of its 10½-acre Pine Grove property.

PIE plans to build a $750,000 office headquarters at the site.

The Orinda Association, through its Homeowners Committee, opposes PIE's plans and also any future businesses in Orinda which would not directly serve the local populace.

A NEW COMPLICATION entered the picture this week in the form of a protest from Dr. William A. Elsasser of Richmond, president of the Contra Costa County Dental Society.

In a letter to the Board of Supervisors, Dr. Elsasser pointed out that the Contra Costa Dental Society is on record opposed to the proposed amendment "in its present form." He asked that "any reference to medical or dental facilities" be stricken from the proposed amendment.

BASIS OF the dental society's objection, Dr. Elsasser said, is uncertainty as to how the amendment would affect future medical or dental buildings.

He declared that at present "thre is not one medical or dental building" in the county which is on a lot of five acres or more, the size which would be required by the amendment.

Dr. Elsasser added that Deputy District Attorney Matthew Walker has stated that the amendment is "not expected to provide for the medical or dental needs of the community."

The dental society head then asked why the designation "professional" is included in the provisions.

Go to Church Sunday

Community

"What's Your Life Plan" is the provocative question posed in the sermon to be delivered this Sunday, Stewardship Sunday, by the Rev. Willis E. Wygant Jr. of the Orinda Community Church organization.

As the stewards, some 80 in number, call that afternoon upon each member and a friend of the church, this question will be uppermost in every mind, "What's My 1956 Life Plan. How Can I through my gifts of Time, Talent and Treasure, support my church in anything like the proporttion in which she serves me, personally, through my family and through my community?"

"Listen to the Lambs" by Dett will be sung by the chapel choir. Franck's "Adagio," Nevin's "At Twilight" (Ethelbert) and Faulke's "March" are to be rendered on the memorial organ by the church organist and choir director, Dan Popovich.

Charles Nelson, stewardship chairman, announces that a group of volunteers under the leadership of Mrs. Jeanne Watkins, are preparing to serve luncheon to the church stewards directly after the morning service.

Diablo Crusade Residential Drive to Wind Up Monday

Solicitors in Diablo Valley's "One Big Give" to many health, guidance and welfare agencies, plan to wind up a full week early, indicating that nearly all homes will be visited by Monday.

This will mark the conclusion of local efforts in the United Bay Area Crusade, the biggest single philanthropic campaign in the Bay Area this year.

Earl Cappel, Diablo Valley chairman, said this week that the returns will be collected in the succeeding week, and correlated with results of the earlier campaign in the business and commercial sectors.

RETURNS FROM THE earlier drive have been coming in slowly, but are "encouraging," according to Cappel. The Diablo Valley goal is $37,300, including business, commerce, advance gifts and residential. Money collected will go into a giant fund, which has a five-county goal of $10,691,640.

The early completion of the residential rounds by more than a thousand volunteers is in part due to the "fine reception" afforded them, said Cappel.

The Walnut Creek and Pleasant Hill drives were door-to-door contacs, and in Danville, Orinda and Lafayette, by telephone contact, and later appointments.

After Monday, there may still be a few remaining requests to be made — but only a few.

RESIDENTIAL CHAIRMEN are Mesdames Claude McPhee of Walnut Creek, Robert Cuenin of Danville, with co-chairman Mrs. John Price, Norman Cunningham of Orinda, Harold Frederick of Lafayette, with Patty Channel, and John Glover of Pleasant Hill.

Success of the drive is still difficult to estimate, with not more than 50 per cent of the returns in for all departments, and of course much less in the residential.

So far, $13,836.38 has been collected, and staff members at th Crusade headquarters at 2363 Mt. Diablo Boulevard optimistically report that there is an "upgrading" in the amount of the returns as they come in.

Less than 50 per cent tabulated, the district business figure stands at $3,148.50, well on the way towards the goal of $5300.

THE COMMERCE and industry returns stand at $5491.41 with slightly more than 25 per cent reported. The goal is $9,900.

It will be a big job to collect all funds, and prepare a final report. Drive leaders have many nights of work ahead of them still.

They include Community Chairmen Ken Jensen of Lafayete, George Eberhart of Orinda, Gordon Moynahan of Walnut Creek, Al Kaplan of Danville and Don Burke of Pleasant Hill, who have helped boost the slogan, "The United Crusade is Your One Big Give."

AREA ORGANIZATIONS to benefit include the Boy and Girl Scouts, Campfire Girls, Young Men's Christian Association, Arthritis and Rheumatism Foundation, Concord Community Chest, Concord Community Welfare Fund, Concord Ministerial Fund, Herrick Memorial Hospital Clinics, Learn to Swim Program.

Shadeland School for Cerebral Palsied Children, United Defense Fund, White Cane Week, National Federation of the Blind and related groups.

The United Bay Area contributions are nearing the $6 million mark, and in the East Bay, of which Diablo Valley is a part, the figures are nearing $2 million, with a goal of $3,145,366.

Christian Science

The spiritual basis of man's health and life will be emphasized at services this Sunday in the Lesson-Sermon entitled "Mortals and Immortals," at Churches of Christ, Scientist, 1347 Locust Street, Walnut Creek, and 22 Orinda Highway, Orinda.

Scriptural selections to be read will include the following from Matthew (15:30). "And great multitudes came unto him, having with them those that were lame, blind, dumb, maimed, and many others, and cast them down at Jesus' feet; and he healed them."

Don JV's Win Title by Defeat Of Knight Eleven

The blue chips were down Tuesday when the Dons faced the oncetied but undefeated Las Lomas Knights on the Walnut Creek gridiron.

The Dons had one defeat on an otherwise unblemished record, and to the winners went the spoils — with the Don Babes carting home the championship with a smashing 32-13 win.

It was anything but an easy win, as the Knights put up a stout fight before goin gdown — as a matter of record, it was 13-all at the half.

THE KNIGHTS scored first when Halfback Pete Ostrom went over from five yards out in the first quarter.

The Dons came back to score when Louie Marello went all the way on the ensuing kickoff, and the Dons took the lead when Dennis Combs kicked the conversion.

The lead went to a 13-6 margin when early in the second quarter Fullback Rick Davis went 81 yards to score on a delayed reverse.

Combs missed the conversion, and the count was knotted when the Knights' Don Crowley passed to End Brick Williams for 10 yards and the score. Crowley ran the conversion try, and it was 13-13.

IN THE THIRD quarter the Dons forged ahead when Davis broke loose around left end and went to the end zone 35 yards away.

Combs missed the conversion boot, and it was 19-13.

Las Lomas took to the air lanes when their ground attack stalled, but it proved fatal when Bjorasky intercepted for the Dons on their own 40.

IN FOUR plays the Acalanes Babes were knocking on the door and had the ball on the Las Lomas 4, from where Marello ran it over.

This time Combs converted, making it 26-13.

Late in the fourth quarter Marello got away on a 25-yard scoring run after a series of passes set the play up.

The conversion try missed, and it was 32-13, which was the way it ended, with the Dons winding up in the number one spot in league play, while the Knights were in the runner-up spot.

Math Limelight Shines on Dons

As a practical application of their studies in business mathematics, students in Bruce Handley's Acalanes High School math course recently completed a statistical survey on student participation in Acalanes activities.

Accordng to student statsticians, the average Don belongs to 4.8 activities with the amount of student activity varying according to the student's year in school.

Survey reports indicate that the average freshman joins 2.3 activities; the average sophomore belongs to 4.6 activities; while the average junior takes part in 4.2 school activities.

Experneced students, members of the senior class, top the activity rolls with 84 per cent of the seniors serving as campus activity officers, as compared to less than one per cent of the freshmen holding student officer posts.

In addition to putting their math to work on everyday school problems, students in the Acalanes math course also study income tax return procedures and other practical math applications.

Suburbia Scribblings

It's cheapest to travel by screen

IF YOU'VE BEEN TO THE MOVIES lately, youre traveled! Did you "Catch a Thief" for a look at life on the Riviera—How about the wonderful shots of Hong Kong in "Splendored Thing" and viewing Venice via "Summertime?" We even had a bus tour of the USA through a film shown at the Pack 212 meeting Friday nite, and while feeling so movie-minded have decided to unreel one of our own!

MAIN ATTRACTION . . . Jazz at the Philharmonic, starring Ella Fitzgerald, Gene Krupa, Oscar Peterson, Budy Rich, etc. at the Oak. Aud. Sun. nite a wk. ago . . .

Young Orindans occupied so much of the audience from the list we got a look at—Jazz fans who applauded the show, Carol Ketsdever, Don March, Lucy Hupp, Dennis Hill, Natalie Pray, Pete villa, Rich Markstein, Barbara Hull, Ann Hightower, Laird Eickmeyer, Norma Waddell, Bill Link, Judy Parker, Harold Ecklund, Sara Fowler, Jerry Smith, Paul Wright, Ernie Petrucci, Gordon Napolitano, Johnny Lamberth, Bill Demeter, Don Evans, Betty Damoulos, Kyla Houston, Sheilia Fox, ALL finishing up the big nite by sipping sarsaparillas at the Lake Merritt Hotel afterwards.

SECOND FEATURE . . . The Quentin Thompsons of Cascade Lane called in friends for a party, which was really Mr. T's way of Toasting Happy Returns of the Day were Gail and Allen Searcy, saying "Happy Birthday" to Mrs. T, being Liz, who was the gay receiver of present humorous, both practical and impractical . . . . Joanne and T. J. Titmus, Stan and Gladys Holmgren, the Bill Brocks, Paul Slatterys, (Betty's mother, Mrs. Tom Young there too, a Portland visitor) the Bob Thamans, Russell Gilwees, Gordon Ainsworths, John Bunces. . . .

The Ainsworths and the Gilwees, incidentally, were part of the popular Poplar Branch bunch and guests who peregrinated to Piedmont Sat. nite for a pre-dinner party which, judging from the fashions present, was a formal launcher of the festive season coming up . . . White lace and brocade and pretty velvet wraps of all hues on the ladies present, the men looking handsome but pretty much the same. (WhatEVER happened to the plaid vest and/or cummerbund?!)

Dorothy and Jack Reilly arrived w/the Bud Coburns . . . Lucille and Wendell Spackman were guests of Judy and Val Brookes, Judy stunning in a floating black chiffon w/a blue and silver cowl top . . . The Kendall Klan, well represented by Spencer and Margaret, Dick and Joan. Many going on to Orinda Country Club afterwards for dinner . . .

Autumn in Washington Irving country

TRAVELOGUE . . . Cinders and Bob McFarland enjoying a Knickerbocker Holiday, Autumn in New York . . . So did Gordon and Ruth Smith, home from a 3-week "flyer" Eastwards, taking in many points of interest in N. Y., N. J., and Wash. D.C. . . . Mt. Vernon, FBI Hdqtrs. and the UN rating highest on their sight-seearama.

The Frank Seats family Russian Rivered a recent weekend and Jean and Joe Downs went South for a Xmas-buying spree and the LA Rams-49ers game. Bob and Clarice Johnson of Orchard Rd. spent a long wknd. at the fabulous AHWAHNEE in Yosemite!

SHORT SUBJECTS . . . At Trader Vic's Friday nite, Oct. 28, the Edward Maloneys celebrating their 18th wedding anniversary w/a party of friends which included the John Yaryans of Orinda . . . The Jim Chapples dinner-danced at the Claremont and the most sumptuous SF Hotels have been the Friday night dancing slate for the Thomas Fergusons, Frank Eggertsons, Neil Holbrooks, and William Powells.

Gayle Erickson, dgtr. of the Charles Ericksons of Donna Maria Way, has made the Athens Club Water Ballet team! Lois and Bob Phelps took their three young missies out to dinner there one Sunday recently, the club being a popular place for family dining.

Lunching at SF's Fisherman's Wharf Saturday, Ted and Marie Schilling, w/Teddy and Susan, all catching their breath after the bobsled ride in Cinerama Holiday.

Sunday dinner guests at the L. Conway Smiths—Other Suburbanites, Fay's sister, Dorothea and husband James Nulte of Los Altos. (Even w/the distinguished name of Conway, the Smiths us an "L" to distinguish between the OTHER Conway Smiths in Orinda . . . Have you ever sought a Smith, first name unknown, in Orinda? Take a look at the telephone book!)

Musicians converse on the faraway

Lois Flenner hostessed a most musical group for lunch recently at her home on Acacia Drive—Jessica Marcelli, just returned from Europe, is well known to many young local musicians as Director of the Young People's Symphony in Berkeley . . . (Bob Newman, son of the Frank Newman's, is a current member.) . . . Two well-known Berkeley pianists, Mrs. Symeta Kuper and Miss Elizabeth Camp completed the group, enjoyed fine weather, fine food and fine travel conversation.

COMING ATTRACTIONS . . .The popular Fred Folliards and their children have decided to hang their stockings in the Senior John Folliard's fireplace this Holiday season. Betty and Fred, now happy inhabitants of a big comfortable house in the Maulwaukee section of Portland, will return to Orinda for a Christmas visit.

Craft classes for potential or current den mothers by the genius of them all, Mrs. Lopez, will be held in Fellowship Hall, starting November 18, 1-3 p.m. What you learn might save your house some rainy afternoon.

After the first session, classes will be held November 28, December 1, December 2, December 9 and December 16.

How About 5 to 2? A Reply: Courtesy

A problem exists at Orinda Interchange which affects commuters throughout this Central Contra Costa area.

Briefly, it is this: For a short stretch, the freeway along Mt. Diablo Boulevard is six-lane. Just east of that stretch and just west of it, the width is four-lane.

That means that westbound traffic proceeds first along two lanes on Mt. Diablo Boulevard, then along three lanes and then, soon, along two lanes again.

In addition, there are a lane of traffic that comes from Orinda Highway and gets onto Mt. Diablo Boulevard via an access road, and another lane of traffic that comes from Moraga Highway and gets onto Mt .Diablo Boulevard after proceeding through the underpass and traversing the northeast cloverleaf loop.

Thus, in effect, the equivalent of five lanes of westbound traffic squeeze into two lanes just west of Orinda Interchange.

This creates a serious problem, particularly during the peak morning commute period.

Some commuters have suggested elimination of one of the three westbound lanes on Mt. Diablo Boulevard at the Interchange, narrowing this entire westbound section of Mt. Diablo Boulevard down to two lanes. That would still leave four lanes—instead of five, as at present—to squeeze into two, but proponents say it would offer some relief

We don't know if that's the answer to the problem. Certainly, the problem is one for the highway engineers to solve; it seems to be one which is part of the "growing pains" of a rapidly developing area and of building of freeways. Frankly, we don't know what the final answer is.

But there can be no doubt that one immediate answer which is sure to have beneficial results is the use of common courtesy, good judgment and patience by the commuters and other drivers in this area.

One commuter recently told us that there are more traffic violations in two minutes on this very short stretch of highway than occur throughout the rest of the area combined. He said that cars weave, make "wild end runs" and generally engage in a "dog eat dog" rivalry for position in an effort to get around other cars.

Although the drivers guilty of such practices are definitely a minority, they cause plenty of confusion. In fact, this situation and the additional two lanes from Orinda result in almost daily chaos.

As pointed out in our editorial last week, planning and construction of freeways so that they would be six-lane immediately, instead of four-lane at first and six-lane at a later date, would be of great advantage. But that is a concept for engineering and budgeting study.

In the meantime, we can all help alleviate the situation by realizing clearly that no one is going to get anywhere any faster by getting ahead of a few cars. (Unless, possiblly, one is in a mad rush to land in a hospital bed or a morgue.)

Courtesy, consideration, patience—these are essential throughout life, and doubly so on highways and freeways.

What They Say

This Isn't Time For Red Poppies

People were thinking of poppies this week when they should not have been.

Our researchers asked, "What thoughts come to your mind as we approach Veterans Day, November 11?" (tomorrow).

Many replies had to do with the sale of red poppies which, of course, does not take place until Memorial Day, May 30. There were other answers.

Mrs. W. A. Clayton, 294 Moraga Highway, Orinda, said, "I think of the last war because my husband was in it for 5½ years. I hope there won't be another one and nobody else has to go."

"**DECORATING** graves with flowers and helping disabled veterans," replied Mrs. Spiro Kosach, 767 Solana Drive, Lafayette. She said her uncle, a veteran of World War I, is buried in a Jackson cemetery.

Mrs. W. P. Gilmore, 35 Acacia Drive, Orinda, said, "You can quote a thought of the younger generation — my 11 - year - old daughter Carol. 'Why don't we help veterans?' she said when we saw one stopping people in the street in Walnut Creek."

"It's a wonderful thing to have one day out of the year to honor veterans," said Mrs. Gerald Gordon, 3640 Walnut Lane, Lafayette. "I'm also glad they changed the name from Armistice Day."

Whenever Armistice Day comes to mind for John Starron of 132 Fair Oaks Drive, Pleasant Hill, it takes him back to November 11, 1918.

"I was a 14 year old boy in Milwaukee, Wis., then, but old enough to remember that I got a lot of kisses from ladies I didn't know. It was a joyful day for most people even those who gave sons and husbands."

NOVEMBER 11 seems to have lost its significane felt fully for about 10 years after World War I, according to Frank Palko of 1572 Sunnyvale Avenue, Walnut Creek.

"It was then people began to realize that it might not be the "War to End All Wars" that Armistice Day became less important to the people, he said, but adding, "as a tribute to all veterans, it still has a place in our lives."

Mrs. Franklin Gaige, wife of the pastor at the First Christian Church of Walnut Creek and Pleasant Hill, believes that there must be some way to make the observance of Veteran's Day more real for the American family. Rather than just a holiday. where everyone sits back, it should be a time for promotion of ideals of this country, by a community program," is her sentiment.

If November 11 is to be remembered, it should be as a tribute to veterans, who have served and died in two wars since World War I, and not in its original sense, no longer regarded timely, declared R. W. Kinser of 1228 Carmel Court, Walnut Creek.

With today's problems pressing hard, the praise should be for the persons currently giving their time, and risking their lives for American liberty, he added.

Sheriff Brown Plans Juvenile Control Program

County Sheriff Harry Brown recently announced that a new juvenile control program will be initiated by his office, with the goals discovery of delinquents, and conditions which create delinquents in this area, protection of children and treatment of problem-children.

Brown said that, "It is becoming increasingly evident that county law enforcement must assume leadership in the coordination of inter-agency activities, working in the field of guidance for potentially delinquent or already-delinquent youths within its jurisdiction."

Initially the bureau will include a chief juvenile control officer, a female juvenile control officer and a male deputy sheriff.

Films on Breast Cancer Next Week

It is likely that a few women in Central Contra Costa County will learn for the first time that they have cancer when they see films on breast self-examination to be shown in Orinda next Thursday, and Orinda, Lafayette and Walnut Creek, November 18.

This is the view of Dr. H. L. Blum, county medical director, speaking recently on the program being sponsored by the American Cancer Society throughout the county.

The showings will be in Orinda next Thursday at 8 p.m., in the Community Church, and November 18 at the Orinda Theater at 1 p.m., at the Lafayette Park Theater at 10:30 a.m., and the Walnut Creek El Rey Theater at 10:30 a.m. and 2 p.m.

Blum added that the film will alert women on the need for prompt treatment of their condition. After each showing a qualified physician will answer questions.

Air Reservists Plan Big Party Tomorrow Night

Captain Joe Mixsell of Walnut Creek announced that the personnel of the 9441st and the 9454th Air Reserve Squadrons will attend a party given in honor of the neighboring squadrons Saturday evening.

The training schedule November 3 was given by Captain Charles H. Currier, 33 Valley Drive, Orinda, on the Soviet Air Force, highlighted by films showing the latest in Russian aircraft.

Squadron Liaison NCO Leonard M. Knecht is proud of a communication he received recently from the temporary White House at Fitzsimmons Army Hospital, Colo.

Knecht sent President Eisenhower birthday greetings and wishes for a speedy recovery. A few days later he received in the mail an envelope, return address "The White House," containing the President's thanks for his good wishes.

An announcement from the 2562nd Air Reserve Center disclosed a policy change in reserve personnel category requirements. Briefly, all Air Force reservists on mobilization assignments, TO&E assignments, with training designations, assignees to an Air Reserve Center and other similar categories are designated "Ready" and must accept availability classification code AA.

The above was effective November 1, and must be accomplished not later than June 30.

Chamber Leader Urges Aid to Youth Concerts

Clint Newell, president of the Walnut Creek Area Chamber of Commerce, this week urged students to take advantage of the Central Contra Costa Youth Concerts, which will bring to Las Lomas High four nationally-known musical aggregations early next year.

The Youth Concerts, a recently formed, non-profit organization, will engage the San Francisco Symphony January 15, Dave Brubeck and his quartet February 5, the College of the Pacific Concert Band March 11 and the San Francisco Boys' Chorus April 15.

Newell said that he and other community leaders fully approve of the new community project, "which purpose is to bring fine music easily and inexpensively to the youth of our area."

"We urge the people of this area to give the Youth Concert their financial suport, realizing that it is an important step forward in the cultural maturing of the community."

Season tickets are $3.50 per person, and may be obtained by writing Youth Concerts, 66 Alberta Terrace, Walnut Creek. Season tickets will be available to parents whose children attend.

Letters to The Editor

Dear Editor:

This is to state my appreciation for the article appearing in The Sun on October 21st, in connection with my caricaturing at the Santa Maria Fair.

I am sending you a cartoon depicting the possible consequences of an industrialized Orinda (Alseth's drawing showed a cow in a gas mask gazing forlornly down from a hillside on a smoking factory).

Although smog from factories is a remote possibility in Orinda, I am against any tendency toward industrialization whatsoever. As an artist I greatly appreciate our beautiful countryside and residential area and I sincerely hope that it will remain that way.

Under The Sun

By Herman Silverman

Look around and enjoy . . .

What do you think of this beautiful weather? We all know that we have the finest weather in the world — but warm weather in late November yet? It's amazing.

Have you recently stopped to look objectively at the beautiful country you live in? We're all so busy dashing to work, the grocery store or a meeting that we forget to notice how superb is our scenery. Look at towering Mt. Diablo . . . the hills and dales along Mt. Diablo Boulevard to Oakland . . . gorgeous Ygnacio Valley . . . Pleasant Hill as you descend from the top of the hill on Pleasant Hill Road . . . and a different but equally impressive sight as Mt. Diablo Boulevard winds down to Walnut Creek just east of entrance to another impressive Sun Valley.

Trees, hill, winding roads

I'm always delighted when driving along tree-lined Danville Highway and through wonderful Alamo, Danville and on to Dublin. And then those hills and winding roads in Orinda and the contrasts of Happy Valley . . . the charm of Lakewood and Walden and Walnut Boulevard areas . . . the landscaping and oaks of Fair Oaks . . . houses climbing to the sky above St. Mary's Estates . . . the as-yet-untouched Moraga, Tice Valley and Diablo country.

Eleanor and I visited Carmel Valley recently and it was most beautiful — but not any more so than the valleys of Walnut Creek, Lafayette or Orinda. I should mention every neighborhood by name for each one has special beauty and characteristics, but there are just too many.

Stop for a minute and look about you. Reflect and enjoy the sight and you'll know why you live in the most wonderful place in the world.

Notes from the black book

Make up Editor Dick Osborn tells me we have piles and piles of news this week, so don't make the column too long. Okay, Dick, here are some short notes from the little Black Note Book:

Remember old Cap Sandford who used to write a column for The Sun before moving back to Bonnie Old Scotland? I received a note from him the other day, saying he is on his way back. Didn't say whether it was permanent or for a visit.

Watch for the All-Star football team, sponsored by The Sun, and selected from Acalanes, Las Lomas and Pleasant Hill varsity gridders.

Watch for some real fireworks in county law enforcement circles. For one thing, Sheriff Harry Brown is under fire from some of his most avid supporters.

George Newell from the Richmond area just sent Brown a red hot letter, charging the Sheriff with double crossing his supporters, not enforcing the law and possibly going along with the county machine. Newell returned his honorary deputy's card and demanded repayment of campaign loans. Newell led Brown's tremendous victory in the Richmond area and perhaps more than any one else was responsible for Brown's election. The situation looks interesting and serious.

Dogs, kids and more weather

Are you confused about the dog quarantine? Well, I am. Check the story on the front page for latest information. We'll keep right on top the story.

Big and little kids — on and off bikes and trikes — are being maimed and killed as they run onto streets. There have been lots of stories in recent papers. Fortunately, none has been hurt in our community. Have you talked to Junior lately?

I thought our kids were well indoctrinated until the other day. A friend stopped me to say that he saw our Danny run out of our driveway on his way to the bus stop.

Let's talk about the weather again. Do you know why we are having warm weather? It's simple . . . everyone should know the answer. It is caused by an inverted high pressure area offshore.

That is all.

Three Chambers Join Many Groups Backing H.S. Bonds

The Walnut Creek, Lafayette and Orinda Chambers of Commerce have added their support to the growing list of community organizations endorsing the Acalanes High School District $3,250,000 bond election set for November 22.

The chambers of commerce for the three major communities served by the high school district were joined this week in their endorsement of the Acalanes District bond proposal by the executive board of the Contra Costa Real Estate Board.

Other endorsing community groups to date include:

Walnut Creek Kiwanis, Sertoma, American Association of University Women, Lafayette Junior Woman's Club and the Association for the Progress and Improvement of Contra Costa County.

ENDORSMENTS for the high school bonds have also been made by the following parents groups:

The parent clubs of Las Lomas, Acalanes and Miramonte High Schools; Central School, Buena Vista, Walnut Creek, Parkmead, Walnut Heights PTA's of Walnut Creek; Stanley School Parents Club, and Vallecito, Montecito, Lafayette, Burton and Springhill PTA's of Lafayette, and the Orinda Mothers Club of Orinda.

Support for the high school bonds followed on the heels of a recent public meeting held by high school district trustees during which board members disclosed that money secured from the bond proposal is necessary to build classrooms to meet expected surges in enrollment.

High school enrollment will reach 5200 by 1960, as against the present 2200 enrollment.

SCHOOL OFFICIALS say that the money will be used to:

1. Complete Las Lomas, Walnut Creek.
2. Complete Miramonte, Orinda.
3. Make needed additions to Acalanes, Lafayette.
4. Start construction on a fourth high school in the district, to relieve enrollment pressure on the other three high schools.

Failure of the bond proposal at the polls November 22 could mean high school double sessions trustees have warned.

A TWO-THIRDS majority is required for the bond proposal to pass.

The bulk of the 5200 high school pupils who will be enrolled by 1960 are now attending local elementary schools, according to high school trustees.

Church Council To Meet Tuesday

Danville Presbyterian Church will be host to the Council of Churches of Central Contra Costa County Tuesday at 8 p.m. A very important proposed change in the by-laws will be discussed.

A letter explaining in detail the change has been sent to all churches in the area. It is hoped that all members and non-members will be present.

The Rev. Ernest I. Bradley, pastor of the First Presbyterian Church of Concord, will report on holding services at the County Prison Farm. The Rev. Ray Petty, pastor of Hillcrest Congregational Church of Pleasant Hill, will report on holding services at the county hospital.

Smart New Stores Come to Broadway

SECOND SECTION
ORINDA SUN
Thursday, November 10, 1955

BEAUTIFUL MODERN DECOR will greet shoppers who inspect the new Kushins shoe store in Broadway Shopping Center, Walnut Creek. Here is an artist's sketch of the building as it looks now. It was just completed and the firm opened today.

Personalized Service Is Pride of Kushins Shoes

Personalized service, the finest in modern decor and facilities and the best in fashionable footwear all come to Contra Costa County this week with the opening of Kushins in Broadway Shopping Center, Walnut Creek.

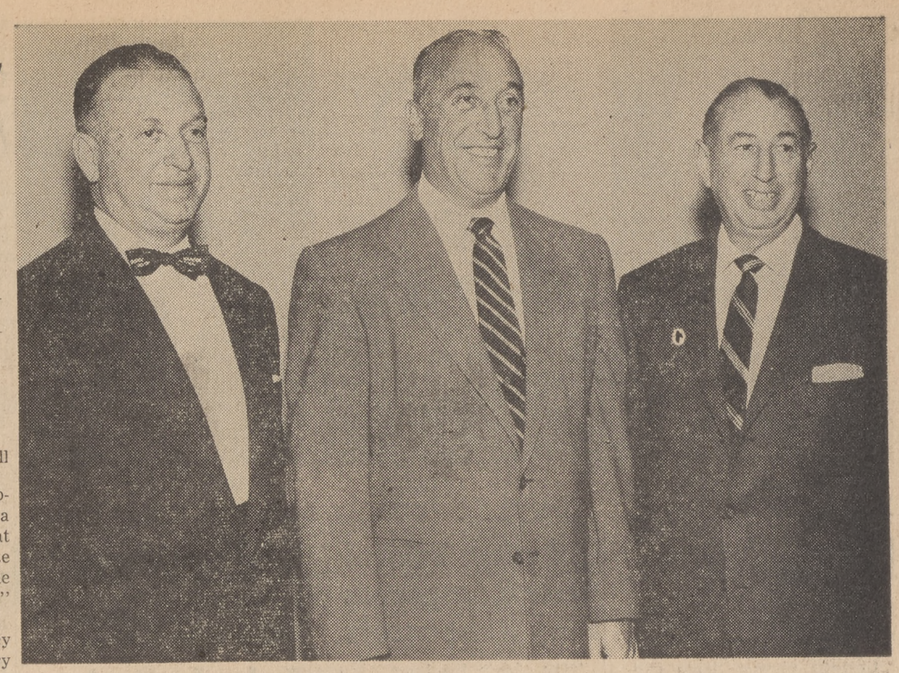
"Our Walnut Creek store will be one of the finest and largest suburban stores in the West," said Charles Kushins, president and founder of the company.

MANAGER WILL BE Claude E. Franklin, who has been associated with Kushins for the past 12 years and is a resident of Concord. He will be assisted by Charles Trimble. All employees will be local residents.

"The success and growth of operation have been built around a complete range of sizes, so that people from all over the state come to us to obtain fashionable footwear in hard-to-find sizes," explained Franklin.

"Moreover, besides our policy of personalized service we carry some of the finest merchandise in nationally known footwear," he added.

Arthur E. Weston is vice president and general manager.



HERE ARE THE EXECUTIVES responsible for the success of Smiths, which today opened its beautiful new store in Walnut Creek. They are Jesse Smith, vice president; Harold B. Smith, president, and Irving W. Alkus, vice president and merchandise manager.

'Open Look' Will Help Shopper at New Smith Store

With the opening of Smiths in the Broadway Shopping Center tomorrow, Walnut Creek becomes the home of one of the most beautiful stores in California.

Patterned after new modern decor and styling, the store will feature wide spacious aisles, discreet lighting and colors that lend a relaxing cool atmosphere to the harried shopper.

"It's a whole new concept in shopping convenience," commented Jesse Smith, vice president of the company. "The entire interior has an open look that makes it easy and pleasant to find merchandise and to examine and handle it."

WARD CLARK, new manage,r commented that the merchandise itself has been placed on display only after long months of careful, selective buying.

"Every item of men's and boys' apparel in the new store was chosen for its fashion value and its bright new appeal," he said.

The store will offer many features that will please busy mothers with "small fry" in tow.

Practical assistance in fitting the 2 to 8 year group will be offered by salespeople working in the juvenile clothing department. Specially trained in fitting pint-sized customers, they will lend a willing hand to parents who might be slightly confused on the best size for the junior member of the family.

A FULLY STOCKED special department will serve Boy Scout and Cub Scout groups. As an official headquarters for Boy Scout uniforms, Smiths will offer all types of official equipment and supplies for scout activities, Clark said.

Explorer uniforms and den mother ensembles will also be available.

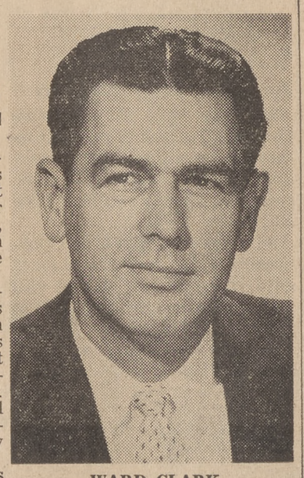
Customers will know what they are getting when they shop at Smiths, too, according to Irving W. Alkus, vice president and merchandise manager.

"Because manufacturers of nationally advertised famous brands have been proving for years that mass production means better merchandise for less money, Smiths stress nationally known brands in their new store," he said.

"POWERFUL NATIONAL advertising for such famous brands as Arrow, Manhattan, BVD, Van Heusen, Botany and others has proved to us time and again that that these national ads, tremendously influence the buying public.

"We prefer to handle national brands because of their uniformly high quality and the value they present to the customer.

"After all, these manufacturers have thought enough of their merchandise to put their own names on the labels and to advertise nationally under their own names, therefore it must be good merchandise. We have always found this to hold true."



WARD CLARK

Ward Clark Will Be Manager of New Smith Store

Appointment of Ward S. Clark as manager of the new Smiths Walnut Creek store was announced this week by Harold B. Smith, president of the clothing chain.

Clark has been at work several weeks preparing the Walnut Creek store for its formal opening tomorrow.

AS MANAGER OF Smiths Berkeley store Ward Clark became well known to the East Bay community for his many civic activities. He was a member of the Berkeley Rotary, Chamber of Commerce, Downtown Merchants, City Commons Club and is very active in United Crusade, Red Cross and Civil Defense activities.

Clark is chairman for public relations for the Mt. Diablo Council of the Boy Scouts of America.

CLARK, WITH HIS attractive wife, Beth, purchased a home several years ago on Manzana Court in Lafayette. They have a son, Paul, who attends Acalanes High School, and a daughter, Ellen, who attends grade school in Lafayette.

Clark was formerly general manager of the City of Paris, San Mateo, serving in this capacity for five years.

Hugh Glass, who has been a resident of Walnut Creek for several years, has been appointed assistant manager of Smiths new Walnut Creek store.

Before joining Smiths organization, Glass was with Hales in Oakland for almost ten years.

Glass was born in Santa Rosa. He and his wife, Ida, who is a member of the Women's League of Voters of Contra Costa County, have two children, Michael, 4, and Jeffery, 2.

PH High School Cast Completes Play Rehearsals

"The play's the thing" is the keynote for the Pleasant Hill High cast in the fall term play, "Our Hearts Were Young and Gay," with the conclusion of the final full week of rehearsals.

Director James Spitz has scheduled three days next week for costume, property, makeup, and full-dress rehearsals. Production nights are next Thursday and November 18.

THE DELIGHTFUL COMEDY centers around the trials and intrigues of two young American girls, Cornelia Otis Skinner and Emily Kimbrough, as they take the "continent" by storm.

Situations involving parents, boy friends, and bedbugs, with the additional verve added by a suave French actor, make "Our Hearts Were Young and Gay" one of the favorites of American drama.

The play is an adaptation of a novel by Emily Kimbrough and Cornelia Otis Skinner done by Jean Kerr. Production at Pleasant Hill High is with special permission of the Dramatic Publishing Company.

THE FLIGHTY CORNELIA IS being played by Sande Jones and the balancing character of Emily is being played by Ann Bradley. The romantic line is added by Leo and Dick, played by Russ Hutchins and Cliff Crowder.

Other members of the cast include Dahl Delu, Ginger Funk, Phil Rupprecht, Diane Voss, Don Foulk, Bob Townsend, Ann Thomas, Mary Lynn Archibald, Barbara Morgan, Sylvia Cosand, Ruth McKennor, Clrk Hadsell and Dick Waite. The student director is Lorrie Jorrick.

Smiths to Give New Chevrolet To Lucky Soul

Christmas Eve will bring a wonderful surprise to one of the thousands of visitors to Smiths new Walnut Creek store—for on December 24 the final drawing will be held, and the Chevrolet 4-door hard-top Smiths is offering as a free prize will be given away.

The automobile is one of $7000 worth of free prizes Smiths is giving away in celebration of the opening tomorrow of the new store in the Broadway Shopping Center.

Drawings will be held each Saturday, starting November 19 and ending December 24. No purchase is necessary and anyone wishing to enter Smiths contest may do so by simply writing his name on a ticket obtained free from any salesperson in any department in the store.

It is not necessary to be present at any of the drawings to win.

New Smiths Store 'Not a Branch'

The new Smiths store in Walnut Creek's Broadway Shopping Center will not be "just a branch, but full-fledged member of the Smith chain," according to Jesse Smith, vice president of the concern.

"Smiths, Walnut Creek, is meant to become as much a part of the Walnut Creek community as our other stores have done in their respective communities," he said.

"Smiths will participate in Walnut Creek civic affairs and will always be ready to support the undertakings of the community. It is to our own advantage," he added, "to do our utmost to help this area grow bigger and stronger as a community.

"We hope to see more people shopping in Walnut Creek and taking advantage of the wonderful selection of merchandise available here for them."

Slenderella Table Means Much to Local Housewife

The Slenderella Table, a new device which can mean much to local women, is now a reality in Walnut Creek with the opening this week of Slenderella International's brand new salon in the Broadway Shopping Center.

The fifth salon to be opened in the Bay Area by the internationally famous firm is located at 1392 Capwell Street in a new modern building.

BUT JUST AS the building is modern and new, so is the Slenderella method of figure proportioning.

Larry Mack, president of Slenderella International and a graduate of Missouri University and Harvard, was determined to find a simple method to enable women to do something about their figures.

After months of consultation with leading authorities in the fields of medicine, nutrition and physical education, he commissioned Ohio State University to research and develop a special table which would allow women to receive slenderizing benefits with the minimum of bother and effort.

THE RESULT IS THE Slenderella Table which is an integral part of the three-fold program. Working alternately on different parts of the body while milady is fully clothed, its scientifically designed movements improve posture, firm and tone muscles, remove strain and pressure, stimulate the circulation and help the general slimming process.

Any woman may obtain a free figure analysis and a sample treatment. After the figure analysis, at which time the salon manager determines how much weight and how many inches a woman should lose—and where—the woman is advised of the course of treatments which range from three to more times a week.

Each course varies with the individual problem.

Slenderella Growth Story Impressive

Slenderella International, which opened its newest salon this week in Broadway Shopping Center in Walnut Creek, has an impressive history of growth and service according to Larry Mack, president.

The five-year old firm, which caters exclusively to women, expects to do a $12 million business this year, he said, and 100 salons will be in operation by January 1.

Slenderella International now operates salons in Paris and London and is establishing branches late this month in Dusseldorf, Brussels and Zurich.

The first South American salon will open its doors early next year in Caracas with a Mexico City opening scheduled for mid-February.

Nancy Robinson, who until now had managed the Slenderella salon in Oakland has been appointed supervisor of the new Walnut Creek salon.

Don Babes Beat Antioch JV's

The Acalanes junior varsity team started slow in its league game with Antioch last Thursday afternoon, but once it got the feel of things it rolled to a convincing 41-6 win.

The Don Babes' initial score came early in the second quarter with Dick Neuman taking it over on a quick opener for three yards from his halfback spot.

Dennis Combs booted the extra point for a 7-0 score.

LATER IN THE same period, Quarterback Louise Marello passed to end Val Geissler, who rambled to a TD, the play covering 35 yards.

Once again Combs converted to make it 14-0 at the half.

In the third quarter Marello passed to Rick Davis in the end zone. Combs missed the conversion, but Antioch was offside and Combs made it 21-0 with his kick splitting the uprights.

Late in the third quarter Marello, playing safety, took a punt on his own 35 and, with the aid of some fine blocking, went 65 yards to score.

Combs missed the try for point and it was 27-0.

ON THE FIRST play of the fourth quarter Antioch scored on a 10-yard pass, with the ball going from Halfback Ken Wade to End Ray Silviera.

In the final quarter the Dons came back with two touchdowns with Marello going 45 yards for a tally and Combs passing to End Ronnie Nelson for the final TD.

Mamie Writes Back To Vallecito Class

The first grade class of Anne C. Badgley at Vallecito School received a card from Mamie Dowd Eisenhower recently after writing to express concern over President Eisenhower's illness.

Canasta, Bridge Highlight Meet

The 12-15 Club had another of its annual benefit luncheons and card parties recently at the home of Mrs. Robert Raskob, 48 Charles Hill Road, Orinda.

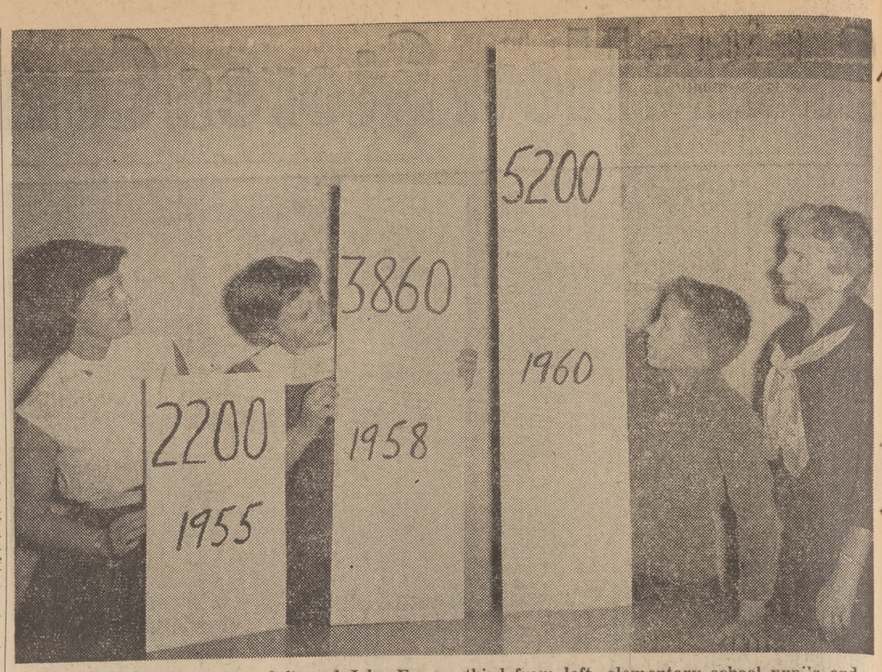
About 72 members and their guests enjoyed the luncheon after which they played canasta or bridge. Each table prize was a bottle of perfume. The door prize was a basket of cans and bottles of hors d'oeuvres and relishes. This was won by Mrs. Horace Breed.

Assisting Mrs. Raskob were Mrs. M. H. Groves, Mrs. Fred Elkinton and Mrs. Leo Alexander.

The affair, though enjoyed socially, was for the benefit of the club's philanthropic projects.

Watkins in College

James D. Watkins, 7 Mariposa Lane, is one of 1052 students enrolled at Whittier College for the fall term.



SUSAN HALL, second from left, and John Evans, third from left, elementary school pupils and two of the persons who would be most affected by passage of the proposed Acalanes High School District $3,250,000 bond issue at the November 22 election, check predicted high school enrollments in the Acalanes District when they will be in secondary school. Kyle Houston, left, a high school junior, holds a bar representing today's 2200 high school enrollment. Susan, a seventh grader, checks the graph for high school enrollments for 1958, which will have risen to 3680 by the time she completes her freshman year. John, a sixth grade elementary pupil, takes a look at the 5200 high school enrollment graph which grazes the ceiling. This is the enrollment he will face when he is in 10th grade in 1960. Mrs. Will C. Hall, member of the Parents Committee for the High School Bond Proposal and Susan's mother surveys the problem and "joins with elementary and high school parent groups of Walnut Creek, Lafayette, Orinda, Moraga and Canyon in encouraging all parents to turn out and vote 'Yes' November 22, to insure the youngsters now enrolled in elementary schools that they will not be on double session in high school."

A niece in Phoenix was also visited. While in Arizona, before going through the famous Oak Creek Canyon, they visited the Joe Cottons, formerly of Orinda, and the Mexican town of Nogales.

Their trip included visiting for the first time Zion and Bryce National Parks. Their last overnight stop was in Lancaster in Imperial Valley.

Meet the Greens
who set up housekeeping in Chico, in 1935

20 YEARS AGO—when Margaret and Carl Green were married in Chico, their first home had just five appliances: range, water heater, iron, toaster and radio.

TODAY—their beautiful, spacious home is equipped with 29 modern appliances: refrigerator, range, exhaust fan, three radios, television, mixer, iron, ironer, hair dryer, toaster, four electric clocks, coffee maker, automatic washer, vacuum cleaner, floor polisher, waffle iron, air conditioner, gas furnace, water heater, roaster, razor, vibrator, sewing machine and a completely equipped power workshop.

Today they buy $21 worth of gas and electricity for $14

...for the average unit cost is about ⅓ less than it was in 1935

In California today, the average family is using about three times as much gas and electricity as it did twenty years ago. And, if you're like most Californians, you're probably using more and more gas and electricity, as you keep adding modern-living appliances and better lighting to your home. Because of this, your bill may be higher. But it is far lower than it would have been twenty years ago.

For, thanks to mass production economies, the average cost of a unit of gas and electricity is down about one-third. As an example, the Greens' gas and electric bill in a recent month was $14.73. In 1935, the same amount would have cost $20.88. Your own bill would probably show similar savings. Can you think of any other prices that are lower today than 20 years ago? *No wonder we say . . .*

Gas and Electricity are cheap in California!

Women Voters Ask Change In Legislative Procedure

Improved standing committee voting procedures have been asked of the Joint Committee on Legislative Procedure by Mrs. Paul Holmer, President of the League of Women Voters of California.

In a letter to Assemblyman Thomas M. Erwin, Chairman of the committee now at work streamlining the present legislative processes, Mrs. Holmer has asked consideration of improved methods of polling and publishing the results of standing committee action on measures of public interest and controversy.

"The legislature has already recognized the need for open lines of accountability between the executive and legislative branches of government and between all government and the people," Mrs. Holmer noted in emphasizing League interest in procedural change at this time.

"WE HOPE YOU AND the members of the Joint Committee will receive this suggestion as a reflection of our confidence in the progressive and responsive character of the California Legislature," Mrs. Holmer stated.

"We are always aware of the staggering legislative demands that face our representatives and appreciate the efforts that are being made to facilitate the operation of the Legislature in the best interests of the citizenry."

Mrs. Holmer pointed out League belief that present practices do not provide for a consistent, impersonal and official record of a legislator's performance as a committeeman.

"The traditional publication of floor roll calls has become almost meaningless as a performance record of individual legislators. In the flood of recent-day legislation this method has become obsolete. Only about one-half of all legislation introduced ever reaches the floor and then the vote almost always confirms the recommendation of the standing committees. Interested citizen groups find it difficult to obtain committee voting records."

REGULAR FORMAL reports transmitted to each House by standing committees has been suggested by the League. These reports, according to Mrs. Holmer, should contain the list of committee members present at the hearing, as well as lists of bills passed out, retained or tabled by unanimous vote.

Also suggested for inclusion in reports are roll calls by name on all bills processed except by unanimous vote, whether on action to pass out, retain or table.

THE LEAGUE, AS a non-partisan organization promoting political responsibility through informed and active participation of citizens in government, has a long history of interest in the legislative process.

Included in the governmental principles the League supports is a system of government which is responsible to the will of the people and which enables the voter to carry out his obligations as a citizen.

The League also supports governmental organization which contributes to the efficiency as well as economy.

Will Dons Push Pennant to Knights?

Dons, Pirates Meet in Finale Tomorrow Night

The Acalanes Dons and the Pittsburg Pirates roll down the curtain on the 1955 prep season tomorrow night when they clash on the Acalanes Memorial Field gridiron. Kickoff time is 8 o'clock.

The game is expected to be played before a capacity crowd inasmuch as it is the season's finale, and the outcome will decide the championship.

If Pitt wins, they have the 1955 pennant safely tucked away, but if the Dons win, the pennant goes to the Las Lomas Knights, who proved to be the surprise team of the year.

THE KNIGHTS wound up their season last Friday with their only loss when they dropped the big one to the Pirates, 38-7.

The Dons have been an in-and-out club, losing some mighty close decisions and rising on other occasions to pound out impressive wins.

Pitt started slow this year but has come fast for nothing but wins after a 6-6 tie with Diablo in the league opener.

COMPARATIVE scores can be juggled to prove about whatever one wants to prove.

The Dons beat Diablo 13-7, but dropped a 13-7 decision to Antioch, whom Pitt defeated 27-6. Las Lomas dropped the Dons 7-6.

Pleasant Hill made Pitt go all the way to win 27-12, while the Dons were pretty well in control all the way as they walloped the Rams 35-12.

THE BIG JOB for the Dons will be to contain the speedy Pitt backs with an aggressive forward wall in front of them.

The Dons, on the other hand, have a good defensive record, and if they can rise to their offensive best, it could turn out to be a whale of a ball game.

The game, scheduled three weeks ago, was postponed when pranksters burned a letter "P" in the Don gridiron. The game was finally reset for tomorrow night after considerable deliberation.

BOTH TEAMS possess better than average speed and a set of hard-running backs.

The story could well be told up front where the two lines meet head-on.

It's a game with a lot of setting and tradition behind it and tomorrow's game is sure to write another exciting chapter, with much depending on the outcome.

Dons Rap Rams In Rock-Sock Encounter, 35-13

The Acalanes Dons left the field last Friday night at the halfway mark with a 7-0 lead and came back with some hard rock-and-sock second half ball to post a decisive 35-13 win over the Pleasant Hill Rams.

The Dons held an edge in the opening quarter but it wasn't until the first play of the second quarter that they could cross the end stripe.

The game, played under the lights of Diablo High, found Butch DeVillers taking a punt from the toe of Bob March on his own 49, going up field, then cutting to his left to pick up a host of blockers that cleared the field except for the safety, and DeVillers took care of him with a head fake—and then sprinted to the score.

Stuart Busby put his toe to the ball for the extra point, and it was 7-0, which was the way it stayed until the half.

COMING OUT for the second half, the Dons found themselves penalized five yards despite the fact that they had received no official warning, and it backfired when the Dons really caught on fire to score four touchdowns in the second half as they blocked and tackled with a vengeance, with Busby the toe splitting the uprights in the conversion department, to add five for five in the course of the night's play.

Halfbacks DeVillers and Mike Barrett, along with Fullback Busby, tore off consistent yardage to maintain ball control.

The Dons went out in front 14-0 when DeVillers found a hole at right guard and scooted 57 yards to score early in the third quarter.

THE RAMS came fighting back to put on a 70-yard scoring drive, with Fullback Jim McMillin going over from the one-yard line.

The conversion kick by Gary Soderer was wide, and it was the Dons, 14-6.

In the fourth quarter it was all Dons as they capitalized on breaks and put on some good offensive play of their own to roll up three more touchdowns.

THE FIRST came when Captain Alden Robertson finished a 60-yard Don drive by going over from four yards out on a sweep to the right.

Busby came through with 6-point pass run play when he took a 20-yard aerial toss from quarterback Richard Markstein and ran the final 25 yards after shaking loose from a would-be tackler and outmaneuvering the safety.

QUICK THINKING IS a must for a football team that wants to go places, and Don Ogden of the Las Lomas Knights is a cracker-jack in this field. This particular fumble occurred in the Las Lomas-Mt. Diablo game and Ogden recovered a fumble on the Las Lomas one-yard line where he returned it to his own 20, allowing the Knights to score three plays later. No. 24 is John France of Las Lomas. The Knights finally came out on top 18-14. —Oakland Tribune Photo

Knights Finally Lose -- to Pirates By 38-7 Tally

The Las Lomas Knights came to the end of their winning ways last Friday night when they ran out of gas after playing the Pittsburg Pirates on even terms until the closing seconds of the first half.

The game, played at Acalanes Memorial Field, found the Knights dropping their only losing game of the 1955 season 38-7 after winning seven in a row.

The Knights gave the home town rooters something to holler about when they took the opening kickoff and marched 69 yards in nine plays. The long gainer in the march was a 30-yard pass play from Quarterback Jim Symington to End Joe Silva, which put the ball on the one, from where Fullback Duane Brown punched it over.

On the conversion play the Knights crossed the Pitt defense up when Brown passed to Symington, making it 7-0.

THE CAPACITY crowd estimated at over 4000, went wild at this point, and it was a see-saw battle until Pittsburg's Pirates put on a 47-yard drive of their own late in the second quarter, covering the distance in six plays, with a pass from Quarterback Charles Verduzco going nine yards to Fullback John Tackett for the TD, and when Verduzco ran the ball over on the conversion try it was 7-7.

Time was running out when Las Lomas got the pigskin on the ensuing kickoff, and when a play was nullified, due to a Pitt offside, and time was up, the Knights elected to pass on the final play.

It proved to be fatal, as the Pirates' speedy Saul Rodriguez picked it off and went 47 yards to score, and Verduzco ran the ball over for the extra point to make it 14-7.

THE KNIGHTS never recovered from the blow, and Pitt's speedy and hard-running backs, plus a steady flow of reserves, left the Knights in the lurch as the Pirates racked up four second half TD's while holding the Knights scoreless.

In the third quarter Halfback Myron Robb wrapped up six points when he climaxed a 69-yard drive by going the final 12 around left end.

Later in the period Verduzco got into the scoring act again when he finished off a 50-yard drive by going around end with a 10-yard gallop on a keep play.

In the fourth quarter Halfback Charles Cucillar crashed pay dirt when he sprinted 51 yards after breaking loose over right tackle.

The final tally came when Halfback Vic Vagliente hit right tackle for a 47-yard burst.

IN CONTRAST to the first half, Pitt failed to make good a single conversion try in the second half of play.

In yardage Pitt rolled up 374 yards to 82, and were out in front in first downs 13-5.

Standout for the Knights was Webb Johnson, who played a bangup all-around game but was really a shining light with his brilliant all-out defensive play.

The win gave Pittsburg first place in the standings, as they have a tie in an otherwise unblemished record, whereas the Knights hold forth in the runner-up spot with one loss and the rest wins.
